

# 10th Annual Placemaking Conference & Awards

**Creating Strong Communities: Revitalizing Our Downtown Centers for Today's World**

Placemaking is vital to our communities - keeping them strong, growing and beautiful. As we focus on recreating our downtowns, placemaking ensures that local municipalities and community groups work together, and that the people who live there are a core voice in the process.

The 2018 Placemaking Awards & Conference is focused on integrating business development, housing, transportation, and walkability into local planning to create beautiful, functional spaces.
